

International Conference  
on Clinical Metagenomics

# 10<sup>th</sup> ICCMg Conference

The unique conference  
dedicated to clinical  
metagenomics

## Sponsoring & Exhibition Opportunities

6/7 November 2025

Geneva, Switzerland

# Welcome to ICCMg 10!

Welcome to the 10th ICCMg10!

We are thrilled to continue hosting the International Conference on Clinical Metagenomics (ICCMg) in Geneva. This marks the ninth edition, with two previous conferences successfully held online due to the COVID-19 pandemic.

The ICCMg conferences have provided a platform for the clinical metagenomics community to foster both scientific advancements and social interactions. Six conference proceedings have been published, further contributing to the field's knowledge base.

We are pleased to announce that ICCMg10 will take place on November 6th and 7th, a time suitable for attendees from diverse professional backgrounds.

The scientific agenda for ICCMg10 is structured into the following sessions:

- Dark Matter: Explore the role of culture-based approaches in clinical metagenomics, unravel novel viruses, and understand the human genome in gut metagenomes.
- Respiratory Microbiota: Leverage cell-free DNA for pneumonia diagnosis, explore the respiratory microbiota and immune response, and gain insights into the respiratory microbiota in intensive care unit patients.
- Beyond Life clinical metagenomics: Gain metagenomic insights into pathogens associated with neonatal deaths, apply metagenomics on (very) old samples.
- Phages: Uncover viral diversity in the healthy infant gut, explore the phageome and the skin microbiota.
- Complex Matter: Assess the population-level impacts of antibiotic usage on the human gut microbiome, address the challenges of multi-omics in metagenomic studies, and explore machine learning for microbiologists.

The conference will feature invited speakers, abstract and poster presentations, and a conference dinner on the shores of Lake Geneva.

Looking forward to welcoming you to Geneva!  
Jacques, Vladimir and Etienne

# Plenary Speakers

- Charles Chiu
- Christian Diener
- Holger Rohde
- Iwjin de Vlaminc
- Jeremiah Faith
- Ruth Ley

- Grégoire Michoud
- Luke Snell
- Nicola Segata
- Onur Mutlu

This list is non exhaustive and some additional speakers might be confirmed at a later stage.

## 10th ICCMg Themes

The International Conference on Clinical Metagenomics (ICCMg) is the only international conference dedicated to clinical metagenomics, uniting researchers, clinicians, and experts to delve into the latest advancements in clinical metagenomics (CMg). The conference focuses on the application of next-generation sequencing (NGS) and other emerging high-throughput technologies to identify pathogens, characterize microbial communities, and investigate their role in health and disease. Presentations showcase CMg's potential in diagnosing infectious diseases, understanding microbiota-host interactions, and advancing personalized medicine, while also addressing the ethical and regulatory challenges associated with its clinical implementation.

For this 10<sup>th</sup> ICCMg, we will review the achievements of the last decade and try to foresee the advancements for the next.

# Gold Plus Exhibitor

CHF 4'000

VAT included

- Logo on congress website
- 1 table and 3 chairs
- Power connection
- 3 free registrations
- 3 tickets for the Conference Dinner
- Access to coffee breaks and lunches
- Access to all sessions

# Gold Exhibitor

CHF 3'500

VAT included

- Logo on congress website
- 1 table and 2 chairs
- Power connection
- 2 free registrations
- Access to coffee breaks and lunches
- Access to all sessions

# Silver Exhibitor

CHF 2'000

VAT included

- Logo on congress website
- 1 table and 1 chair
- Power connection
- 1 free registration
- Access to coffee breaks and lunches
- Access to all sessions

# Sponsor a Session

CHF 3'000  
VAT included

- Logo on congress website
- 1 free registration
- 30 min presentation for the sponsor (included in the conference program)
- Access to coffee breaks and lunches
- Access to all sessions
- Topic to be approved by the Scientific Committee

# Contribution Coffee Break

(1 sponsor per day)

CHF 2'000  
VAT included

- Logo on congress website
- Sponsor logo visible during coffee break (ex: on tables – roll up)
- Flyers and brochures available during coffee break
- 1 free registration
- Access to coffee breaks and lunches
- Access to all sessions

International Conference  
on Clinical Metagenomics
